

Region: \_\_\_\_\_

Group members: \_\_\_\_\_

**You should have the research DONE for your *Travelogue Project* by May 22 or 23<sup>rd</sup> in order to have one class to practice.** You will get BASIC information from the photocopied Geography Packages (package #1: *The Physical Regions of Canada*, or package #2: *Canada's Economic Regions*). You must take notes and collect visuals (cartoons, diagrams, photos, maps, etc.). **KEEP TRACK OF WEBSITE URLS, DATE OF ACCESS, AND NAMES OF ANY IMAGES YOU FIND. You will need them for citations & works cited.**

**\* Below is a task list. Make sure you match your group member's abilities to the tasks. Dividing up the tasks evenly by number is dangerous – some tasks require more work than others.**

General Description (package #1)

*Student Responsible:*

Winter & summer climate

Natural resources

Flora (vegetation) & Fauna (animals)

Shape of landscape (low-lands, mountains, etc)

\_\_\_\_\_

Period 1:

Describe the economic activities of the region's aboriginal peoples (package #2)
