Abbotsford, BC, V2S 7M8

Dear Zina,

Thank you for your research proposal on “*Antisocial and Prosocial Digital Activities in Youth: Risk and Resiliency*”. On behalf of the VSB Research Committee, please accept this letter as approval for you to contact secondary schools regarding your research in the Vancouver School District. Please contact the Principal of the school first. Administrators and teachers are very busy with other obligations and have the right of refusal. The Vancouver School District does not find subjects for researchers. At this time, access to VSB sites is limited to students and school staff only. Additionally, given the current limits on instructional time, survey data is not to be collected during instructional periods.

This approval expires on February 23, 2022.

The VSB Research Committee would be very interested in learning of your results and its implications for students. When your research is completed, please send us an abstract of the results.

Thank you for focusing your work within the Vancouver School District. I wish you the best of luck as you proceed with your inquiry.

Sincerely,

A handwritten signature in blue ink that reads 'J Langlois'.

Jody Langlois,
Associate Superintendent
