

IMPERIAL AND METRIC CONVERSIONS

A) Imperial and metric conversions:

Imperial name	abbreviation	Referent

Metric name	abbreviation	Referent

B) When do we do these conversions?

- construction, engineering, nursing, etc, because of our close relationship with the US and general usage.
- use the formula sheet to help you! You are allowed to use the formula sheet on the exam, so use it for homework, quizzes, and tests!

Ex:
